About The Index

The index contains every known model number that pertains to the McQuay International heritage of brand names.

At the top of each page you will find the following column headings...

<i>MODEL</i>	<i>SIZES</i>	<i>VINT.</i>	<i>DESCRIPTION</i>	<i>BRAND NAME</i>	<i>FORM#/NOTES</i>
--------------	--------------	--------------	--------------------	-------------------	--------------------

...Which refer to the following:

Model: The Unit Model Number: Note- It is very important to remember that the AAF and HermanNelson model numbers differ from all the other brand names listed in the index in that the model number is located in the middle of the alpha/numeric model number string.

(Example: SPAGAAPF**CWG**53211000. The bold letters indicate the model number. The model number, in almost all cases, precedes the first numeric character.

Sizes: The entire range of unit sizes that are referred to in the corresponding replacement parts list, or referral note.

Vint.: Vintage (where necessary).

Description: The type of equipment.

Brand Name: The actual brand name found on the unit data plate (You will find a key identifying the Brand Name Codes on the following page).

Form#/Notes:

1. If the unit is one of ours, and there is a parts list for that unit, the Form Number is listed. Note: For all form #'s beginning with a 4 or 5, add one zero to the front of the number and two zeros to the end. Example: 456789 becomes 045678900.
2. If the unit has been sold off, or was never part of the McQuay International line (but commonly mistaken as such), you will find a letter code listed here. Check the Referral Codes list, which has all of the referral names, locations, and phone numbers for the last known parts contact for these types of units.
3. "N/A" in this column means that there is no published parts list available. Please contact one of the Parts Technicians for more information.
4. "TBC" stands for To Be Created, meaning the parts list has not yet been created.

JennFan

McQuay International no longer supports the JennFan product line. The following information may be used to assist the customer:

- If the customer has a part number for the component needed: check the parts system to see if it is in stock.
- If the item is not stocked: Refer the customer to one of the following for product support.
- If the customer does not have a part number: Refer the customer to one of the following for product support.
- If customer has no unit model number but has confirmed it is a JennFan unit: Refer them to Breidert Air Products for product support.

Breidert Air Products: Phone: 904-731-4711 Fax: 904-737-8322

Breidert Air products purchased the JennFan Product line from McQuay International effective Jan. 1996.

Twin City Fan: Phone: 612-551-7600 Fax: 612-551-7601

Twin City Fan purchased part of the JennFan product line from Breidert in 1996.

(We do not know which models are supported by Twin City Fan. You may provide this information as a possible resource)

If "J", "L" or "EC" model units only:

- For "new" complete unit: Refer to Breidert Air Products (904) 731-4711
- For parts support: Refer to Broan (800) 558-1711

Broan Customer Service: Phone: 800-558-1711

Jenn-Aire: Phone: 800-688-1100 (Jenn-Aire is the residential product line.)

(There are a lot of very old Jenn units labeled Jenn-Aire that are commercial or industrial units. These would be referred to Breidert Air Products/Twin City Fan/Broan)

ICP Product Support

Due to the sale of the SnyderGeneral Dealer Products Group to Inter-City Products (now International Comfort Products) in June of 1991, McQuay International will no longer support replacement parts for the "residential" products. The exception to this would be for those units that were sold through Minneapolis.

In General:

McQuay International **WILL** support:

1. All units labeled McQuay.
2. Units on the following **List "A"**, labeled Singer, ClimateControl, or SnyderGeneral.

McQuay International **WILL NOT** support:

1. Any unit labeled Arcoaire, Comfortmaker, Friedrich, Northrup or Afco (American Furnace Company).
2. Units on the following **List "B"**, labeled Singer, ClimateControl, or SnyderGeneral.

For all the units McQuay International will no longer be responsible for, we ask that you refer customers to International Comfort Products at 931-270-4266.

List A

McQuay International **WILL** Support **ONLY** if labeled
McQuay, Singer, ClimateControl, or SnyderGeneral.
